

FLIGHTS 2022 in REVIEW

It has been a busy year for the FLIGHTS team. We had 5 flights of saluki-saluki mixes arrive from Qatar for a total of 15 adoptions and 12 Irish greyhounds arrive and happily move into their forever homes!! As of the end of December 2022, we have 2 salukis that are on medical hold, 1 saluki in a foster home and 1 saluki that is being fostered but heading into his forever home January 1st!. All in all, a very successful and productive year finding 24 hounds their happy ending 🍀

To follow along with the updates and lives of all our pups, please visit our Facebook - [FLIGHTS Fosters & Forever](#) page.

As the end of the year approaches, we reflect on the past year and want to say a heartfelt thank you to all our fosters, adopters and supporters that have helped make 2022 a successful year for FLIGHTS. Without your assistance and support, we couldn't make these happy stories a reality. **THANK YOU!!!**

Please keep a watchful eye as we update our community on the journeys that our 2 salukis on medical hold take. Amira will have a foot fusion and Laszlo will have a shoulder fusion in January 2023. We expect both of them will be available for adoption in early Spring 2023, after their 8 weeks of recovery. FLIGHTS will be intensely fundraising in 2023, the surgeries and recovery will cost almost \$10,000 for both.

We wish you all a very happy holiday season with family, friends and your pups!
